

## Family Education Grant Program Lincoln Christian School

Lincoln Christian School has made a commitment towards cost-based tuition over the next four years. Put simply, that means that tuition will be directly related to the calculated cost per student. The good news is that Lincoln Christian School's per student expense is thousands of dollars below the cost per student in the surrounding public schools. However, an increase in tuition cost could mean that some families may not be able to manage the full tuition cost. In order to support those families who have a strong desire to obtain Christian education for their children, but are not able to pay the full tuition amount, we have made available the **Family Education Grant Program**.

In order to be eligible for the **Family Education Grant Program**, a family must make application and be accepted for enrollment, pay the registration fee, and fill out all necessary forms.

The family may submit their financial information to the online **FACTS GRANT & AID ASSESSMENT SERVICE** at any time. There is a \$20 fee for this service that is paid directly to FACTS. All information is strictly confidential and will not be available to anyone outside the Grant Committee.

When the FACTS Grant & Aid Assessment is completed and the family has registered their students and paid the registration fee, the family's need is considered by the Grant Committee. After the committee meets, the family will receive a written report from them regarding the amount of the tuition grant offered.

The family may then make arrangements with the Business Office for payment of the agreed upon tuition amount. Any family who feels they have unique circumstances that are not considered by the FACTS Grant & Aid Assessment may make an appeal to the Superintendent. If a family finds that they cannot afford tuition even after the **Family Education Grant**, Lincoln Christian School will refund their registration fees.

We appreciate your desire in choosing a Christian Education for your family. Lincoln Christian School was founded in faith and continues to serve families who believe in our core values and mission.
